About the Condamine / Port district: This is the most lively district in Monaco. It is located in the heart of the principality between Monaco Ville, Monte-Carlo and the Port Hercule. It is a very lively and sought-after area because many people love its pedestrianised shopping streets and the famous Condamine market, open every day of the year since 1880. It is also a host district for many international events such as the Formula 1 Grand Prix, Jumping and the Yacht Show. It benefits from a central position with direct access to Monaco train station and is situated between all the schools of the principality, you will find there the Monaco Music School, the International School of Monaco or the Condamine School.
