Eze Bord de Mer, in the immediate vicinity of Monaco, come and discover this prestigious property, in the heart of one of the most beautiful regions of the Côte d'Azur. Built on a vast wooded plot of more than 2500 m² in a green environment, this neo-contemporary villa offers a living area of approximately 700m² with a unique view of the Mediterranean Sea, the bay and the mountains.

In a dominant position on the hill, this property has no direct neighbors and easy access to its large parking lot built for more than 12 vehicles.

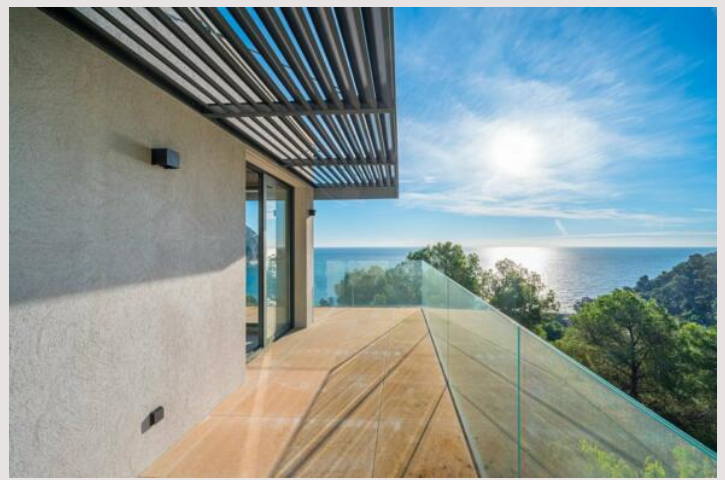

This exceptional property consists of two independent houses that can be reunited. Each has its own living rooms and indoor swimming pool. An elevator serves all floors of each house. This promotion required the intervention of renowned companies. Thus, important Monegasque companies with the assistance of Côte d'Azur companies, respectively carried out the entire building and green spaces.

The bias of this promotion is to deliver raw volumes. The objective: to offer owners the opportunity to personalize the interior of the houses according to their desires and needs.

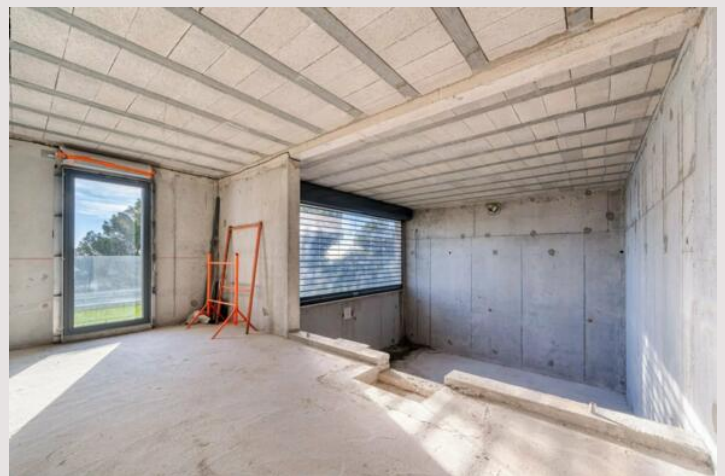

Architect's file and 3D plan and on request.. Product in collaboration with Sud Azur properties.
